Paraplegia

Index to Volume 27 (1989)

Subject Index

(A) Indicates an abstract

Actinomycosis
Actinomycosis as a cause of spinal cord compression: a case report and review, by Müller 393

Ambulation
Energy cost of paraplegic locomotion with the ORLAU ParaWalker, by Nene and Patrick 5
Hybrid paraplegic locomotion with the Para-Walker using intramuscular stimulation: a single subject study, by Nene and Jennings 125
A review of the fundamental design problems of providing ambulation for paraplegic patients, by Stallard *et al.* 70

Amputees
The prevalence of hypertension, ischaemic heart disease and diabetes in traumatic spinal cord injured patients and amputees, by Yekutiel *et al.* 58

Aortic Aneurysm
Abdominal aortic aneurysm presenting as paraplegia: case report, by Chatlani *et al.* 146
Mycotic thoracic aortic aneurysm producing vertebral body destruction and paraplegia: case report, by Rubio and Nelson 406

Appliances
Energy cost of paraplegic locomotion with the ORLAU ParaWalker, by Nene and Patrick 5
Hybrid paraplegic locomotion with the Para-Walker using intramuscular stimulation: a single subject study, by Nene and Jennings 125
A review of the fundamental design problems of providing ambulation for paraplegic patients, by Stallard *et al.* 70

Architectural Accessibility
The architectural accessibility of urban facilities to the disabled: a summary of descriptive survey results, by Zisserman and Tumiel 370

Arteriovenous Malformation
Disturbance of micturition in patients with a spinal arteriovenous malformation, by Murayama *et al.* 212

Autonomic Dysfunction
Blood pressure variability in tetraplegic patients with autonomic hyperreflexia, by Krum *et al.* 284
Effects of Bethanechol and Adreno-Blockers on thermoregulation in spinal cord injury, by Berard *et al.* 46

Biomechanics
The contribution of the three columns of the spine to spinal stability: a biomechanical model, by Haher *et al.* 432

Blood Pressure
Blood pressure variability in tetraplegic patients with autonomic hyperreflexia, by Krum *et al.* 284

Body Image
Body image among 22 persons with acquired and congenital severe mobility impairment, by Stensman 27

Book Reviews
154, 244, 323, 414

Brown-Sequard Syndrome
Motor recovery in the absence of segmental afferents: a case study of incomplete spinal cord injury, by Little *et al.* 385

Cerebral Palsy
Body image among 22 persons with acquired congenital severe mobility impairment, by Stensman 27

Cognition Disorders
A controlled study of neuropsychological deficits in acute spinal cord injury patients, by Roth *et al.* 480

Conferences, Meetings, Notices
77, 158, 246, 326, 418, 490

Coronary Disease
The prevalence of hypertension, ischaemic heart disease and diabetes in traumatic spinal cord injured patients and amputees, by Yekutiel *et al.* 58

Cost Benefit Analysis
A new approach to catastrophic injury: spinal cord injury patients, by Weingarden *et al.* 314
The relationship between sponsorship and rehabilitation outcome following spinal cord injury, by DeVivo *et al.* 470

Couthon, Georges
Georges Couthon: a paralysed lawyer and leader of the French Revolution, by Ohry and Ohry-Kossoy 382

Decompression Sickness
Spinal cord degeneration associated with type II decompression sickness: case report, by Calder *et al.* 51

Diabetes Mellitus
The prevalence of hypertension, ischaemic heart disease and diabetes in traumatic spinal cord injured patients and amputees, by Yekutiel *et al.* 58

Ejaculation
The effects of the electroejaculation procedure on sperm motility, by Linsenmeyer *et al.* 465
Intracavernous pharmacotherapy for management of erectile dysfunction in spinal cord injury, by Lloyd and Richards 457
Reproductive aspects in spinal cord injured males, by Beretta *et al.* 113
Spinal cord injuries and anejaculation, by Beilby and Keogh 152(A)

Electric Stimulation
Hybrid paraplegic locomotion with the Para-Walker using intramuscular stimulation: a single subject study, by Nene and Jennings 125
A review of the fundamental design problems of providing ambulation for paraplegic patients, by Stallard *et al.* 70

Energy Metabolism
Arm crank versus wheelchair treadmill ergometry to evaluate the performance of paraplegics, by McConnell *et al.* 307
Energy cost of paraplegic locomotion with the ORLAU ParaWalker, by Nene and Patrick 5

Epidemiology
Traumatic spinal cord injuries in Greenland 1965–1986, by Pedersen *et al.* 345

Evoked Potentials
Automated spinal cord monitoring for spinal surgery, by Imai *et al.* 204

Exercise Therapy
Aerobic capacity in early paraplegia: implications for rehabilitation, by Ellenberg *et al.* 261
Arm crank versus wheelchair treadmill ergometry to evaluate the performance of paraplegics, by MacConnell *et al.* 307
Improved pulmonary function in chronic quadriplegics after pulmonary therapy and arm ergometry, by Walker *et al.* 278
Transition of physical fitness in wheelchair marathon competitors over several years, by Okuma *et al.* 237
Ventilatory muscle endurance training in quadriplegia: effects on breathing pattern, by Loveridge *et al.* 329

Experimental Spinal Cord Trauma
The effect of early administration of scopolamine on spinal cord injury: an experimental study, by Shao-ting *et al.* 153(A)
Experimental studies on permeability of tracers into the spinal cord, by Kashiwaguchi *et al.* 372
Experimental study of reflectance spectrophotometric analysis of the dog's dural sac—in the open decompressed state and after the application of external dural pressure, by Tajima *et al.* 198

Falls, Accidental
Falls resulting in spinal cord injury: patterns and outcomes in an older population, by Weingarden and Graham 423

Fracture Reduction
Cotrel-Dubousset rods in spinal fractures, by McBride 440
Seat belt injuries of the lumbar spine—stable or unstable? by Yu and Siu 450
Thoracolumbar fracture dislocation: a study of 30 patients, by Kinoshita *et al.* 289

Fractures
Burst fractures in the thoracic and lumbar spine; a clinico-neuropathological analysis, by Willen *et al.* 152(A)
Lower limb fractures in the chronic spinal cord injured patient, by Ingram *et al.* 133
Thoracolumbar junction injuries: do transitional variations influence level of trauma? by Singer *et al.* 148(A)

Geriatrics
Falls resulting in spinal cord injury: patterns and outcomes in an older population, by Weingarden and Graham 423

Guillain-Barré Syndrome
Spinal unit long term inpatient management of patients with severe neurological deficit, by Griffiths 350

Haemodynamics
Haemodynamic alterations in the paravertebral venous plexus following spinal trauma, by McClelland *et al.* 150(A)

Hereditary Multiple Exostoses
Acute spinal cord compression in hereditary multiple exostoses: case report, by Tuncer *et al.* 402

History of Medicine
Georges Couthon: a paralysed lawyer and leader of the French Revolution, by Ohry and Ohry-Kossoy 382

HTLV-1
Voiding dysfunction in patients with human T-lymphotropic virus type-1-associated myelopathy (HAM), by Komine *et al.* 217

Hyperextension Injury
Pathological studies and pathological principles on the management of extension injuries of the cervical spine, by Kinoshita and Hirakawa 172

Hypertension
The prevalence of hypertension, ischaemic heart disease and diabetes in traumatic spinal cord injured patients and amputees, by Yekutiel *et al.* 58

Hysterical Spinal Paralysis
Hysterical spinal paralysis, by Apple 428

Immediate Care
Cervical spinal cord injury: the correlations of initial clinical features and blood gas analyses with early prognosis, by Myllynen *et al.* 19

International Medical Society of Paraplegia
Annual Scientific Meeting, 1988, opening address, by Reid 85

Intervertebral Disc Protrusion
Clinical, urodynamic and neurophysiological findings in patients with neuropathic bladder due to a lumbar intervertebral disc protrusion, by Fanciullacci *et al.* 354

Japan Medical Society of Paraplegia
by Iwatsubo 162

Life Expectancy
The disease pattern and causes of death of spinal cord injured patients in Japan, by Nakajima *et al.* 163

Long Term Care
Spinal unit long term inpatient management of patients with severe neurological deficit, by Griffiths 350

Morbidity
The disease pattern and causes of death of spinal cord injured patients in Japan, by Nakajima *et al.* 163

Movement
Thoughts about spinal actions and cerebral reflections in movement, by Pool 340

Myositis
Pyomyositis in spinal cord injury patients, by Midha *et al.* 302

Neoplasms
Metastatic spinal cord tumours, by Acikgoz *et al.* 359
Neuroblastoma in an adult causing spinal cord compression: report of a case and review of the literature, by Urios 394

Neuroanatomy
Microangiographic study of spinal cord injuries in man: traumatic lesion versus myelopathy, by Shingu *et al.* 153(A)
The new neuroanatomy of the spinal cord, by Hughes 90

Neurological Sequelae
Motor recovery in the absence of segmental afferents: a case study of incomplete spinal cord injury, by Little *et al.* 385
The natural history of neurological recovery in patients with traumatic tetraplegia, by Kiwerski 41
Periodical, neurological-functional assessment for cervical cord injury, by Tominaga 227
A quantitative study of motorneurons and cortico-spinal fibres related to function in human spinal cord injury (SCI), by Kaelan *et al.* 148(A)

Neuropathic Bladder
Bladder-neck opening test in spinal cord injury patients using a new i.v. alpha-blocking agent, alfuzosin, by Cramer *et al.* 119
Clinical, urodynamic and neurophysiological findings in patients with neuropathic bladder due to lumbar intervertebral disc protrusion, by Fanciullacci *et al.* 354
Disturbances of micturition in patients with a spinal arteriovenous malformation, by Murayama *et al.* 212
The effect of verapamil on the treatment of detrusor hyperreflexia in the spinal cord injured population, by Bodner *et al.* 364
Voiding dysfunction in patients with human T-lymphotropic virus type-1-associated myelopathy (HAM), by Komine *et al.* 217

Neuropathology
Microangiographic study of spinal cord injury and myelopathy, by Shingu *et al.* 182
Significance of spinal cord swelling in the prognosis of acute cervical spinal cord injury, by Koyanagi *et al.* 190

Neuropsychology
A controlled study of neuropsychological deficits in acute spinal cord injury patients, by Roth *et al.* 480

Nutrition
Nutritional support: a prophylaxis against stress bleeding after spinal cord injury, by Kuric *et al.* 140

Obituary
Professor Keiichi Ikegami 413

Ossification
Risk factors for heterotopic ossification in spinal cord injured, by Lal *et al.* 151(A)

Phantom Limb
'Duplicate limbs' sensation in acute traumatic quadriplegia, by Ohry *et al.* 257

Pregnancy
The sexuality of spinal cord injured women: physiology and pathophysiology. A review, by Berard 99

Pressure Sores
Preliminary evaluation of a pressure clinic in a new spinal injuries unit, by Rothery 36

Prognosis
Cervical spinal cord injury: the correlations of initial clinical features and blood gas analyses with early prognosis, by Myllynen *et al.* 19

Psychological Reactions
Body image among 22 persons with acquired and congenital severe mobility impairment, by Stensman 27
Spinal cord injury and health locus of control beliefs, by Frank and Elliott 250

Rehabilitation
A new approach to catastrophic injury: spinal cord injury patients, by Weingarden *et al.* 314
The relationship between sponsorship and rehabilitation outcome following spinal cord injury, by DeVivo *et al.* 470

Respiration
Aerobic capacity in early paraplegia: implications for rehabilitation, by Ellenberg *et al.* 261
Improved pulmonary function in chronic quadriplegics after pulmonary therapy and arm ergometry, by Walker *et al.* 278
Minitracheotomy in the early respiratory management of patients with spinal injuries, by Gupta *et al.* 269
Ventilatory muscle endurance training in quadriplegia: effects on breathing pattern, by Loveridge *et al.* 329

Rossier, Alain B
A profile, by Tricot 81

Scopolamine
The effect of early administration of scopolamine on spinal cord injury: an experimental study, by Shao-ting *et al.* 153(A)

Seat Belts
Seat belt injuries of the lumbar spine—stable or unstable? by Yu and Siu 450

Sexual Function
The effects of the electroejaculation procedure on sperm motility, by Linsenmeyer *et al.* 465
Intracavernous pharmacotherapy for management of erectile dysfunction in spinal cord injury, by Lloyd and Richards 457
Reproductive aspects in spinal cord injured males, by Beretta *et al.* 113
The sexuality of spinal cord injured women: physiology and pathophysiology. A review, by Berard 99
Spinal cord injuries and anejaculation, by Beilby and Keogh 152(A)

Social Reintegration
Traumatic spinal cord injuries in Greenland 1965–1986, by Pedersen *et al.* 345

Spasticity
The clinical features of spasms in patients with a cervical cord injury, by Kawamura *et al.* 222
The measurement of spasticity, by Douglas *et al.* 149(A)
Reflex changes induced by clonidine in spinal cord injured patients, by Nance *et al.* 296

Spinal Cord Compression
Actinomycosis as a cause of spinal cord compression: a case report and review, by Muller 390
Acute spinal cord compression in hereditary multiple exostoses: case report, by Tuncer *et al.* 402
Experimental study of reflectance spectrophotometric analysis of the dog's dural sac—in the open decompressed state and after application of external dural pressure, by Tajima *et al.* 198
Neuroblastoma in an adult causing spinal cord compression: report of a case and review of the literature, by Urios *et al.* 394

Spinal Injury Centres
Staffing and spinal injuries unit, by Yeo 150(A)

Sport
Transition of physical fitness in wheelchair marathon competitors over several years, by Okuma *et al.* 237

Stabilisation
The contribution of the three columns of the spine to spinal stability: a biomechanical model, by Haher *et al.* 432
Cotrel-Dubousset rods in spinal fractures, by McBride 440
New spinal instrumentation for unstable thoracic and lumbar spine due to spinal tumour and fracture-dislocation, by Tagima *et al.* 151(A)
Seat belt injuries of the lumbar spine—stable or unstable? by Yu and Siu 450

Stress Ulcers
Nutritional support: a prophylaxis against stress bleeding after spinal cord injury, by Kuric *et al.* 140

Syringomyelia
A case of post-traumatic syringomyelia. Neuropathological findings after 1 year of cystic drainage, by Foo *et al.* 63
Experimental studies on permeability of tracers into the spinal cord, by Kashiwaguchi *et al.* 372

Thermoregulation
Effects of Bethanechol and Adreno-Blockers on thermoregulation in spinal cord injury, by Berard *et al.* 46

Tracheostomy
Minitracheotomy in the early respiratory management of patients with spinal injuries, by Gupta *et al.* 269

Women
The sexuality of spinal cord injured women: physiology and pathophysiology. A review, by Berard 99
